A solid base and a lightweight shade, hand-ribboned, encircle a slender dark brown or black metal structure topped with a stitched leather grip. Dórica evokes the columns of classical architecture—a symbol of stability and strength. To enhance its already balanced stance, an optional additional base can be added to increase floor contact—ideal for high-traffic areas or uneven surfaces.

Its slim diameter and playful height make it the perfect companion for armchairs and sofas. Whether standing or seated, it won't dazzle you.
